

POSITION DESCRIPTION

Bundaberg Regional Council has a vision 'To Build Australia's best Regional Community'. This position description outlines the values that underpin this vision and an overview of the general duties and responsibilities required in this role.

Overview

Position Title:	Principal Civil Engineer	Industrial Instrument:	Bundaberg Regional Council Certified Agreement plus Queensland Local Government Industry Stream A Award
Position Number:	6268	Classification Level:	8
Employment Location:	East Depot	Position Status:	Full-time
Department:	Infrastructure	Document Last Reviewed:	30/08/2019
Branch:	Water Services		
Accountable To:	Manager Process and Asset Management		
Aim of Position:	The aim of this position is to provide support of a technical/engineering nature to the Water Services Group. This position is responsible for ensuring that the operational aspects of water services are delivered with a business approach focussed on timely and cost effective delivery.		

Council Values

Bundaberg Regional Council's culture is driven by the following values:

Key Responsibilities

- Deliver innovative, technically sound, cost effective and safe engineering solutions for water and wastewater treatment and reticulation infrastructure.
- Actively support the management of risk with the Program Manager, facilitate effective project and operations management, including cost measurement and reporting.
- Assist the Manager Planning & Delivery with planning for future projects, of either capital or operational nature.
- Assist with the implementation and management of systems and processes that foster highly motivated, adequately resourced teams focused on continual improvement in the areas of community engagement, customer service, network operations and maintenance, construction efficiency and financial effectiveness.
- Research, investigation, analysis and prepare reports (with recommendations) on a wide range of matters pertaining to Water Services, as directed to support process and asset management.

Incumbents Initials

- Ensure that team members and appointed contractors are working to the requirements of relevant Acts, Regulations, Standards and Codes of Practice.
- Develop, implement and review systems to ensure that all works are undertaken in accordance with current standards and regulations.
- Assist Manager Process & Asset Management with estimation of budget activities for annual budgets.
- Identify opportunities for business improvements with development and participation in the implementation of initiatives that enhance business outcomes.
- Lead the development and amendment of Water Services standards, electrical and civil.
- It is expected that the incumbent undertake other reasonable duties and tasks requested by Management within the incumbents capabilities, including additional duties as required during periods of absence of other staff.

Position Requirements – Qualifications & Experience

Mandatory:

- Professional civil or process engineering qualification or equivalent;
- Possession of a current Drivers Licence;
- Minimum of 5 years' experience in the planning, operations and maintenance of water service's infrastructure;
- Demonstrated understanding and sound knowledge of civil engineering practices relating to water services treatment and reticulation infrastructure;
- Demonstrated ability to lead and co-ordinate the electrical and civil engineering team;
- Strong interpersonal communication skills with particular emphasis in the areas of consultation and advocacy in order to successfully resolve stakeholder issues and meet the changing needs of the organisation; and
- Registered Professional Engineer of Queensland (RPEQ) – Civil.
