

## Position Description

### Project Manager - Contracts

<b>Position Title</b>	Project Manager - Contracts	<b>Position Number</b>	Various
<b>Division</b>	Engineering	<b>Unit</b>	Infrastructure Delivery
<b>Job Grade</b>	7	<b>Award Base</b>	35 Hours
<b>Reports To</b>	Manager Infrastructure Delivery	<b>Direct Reports</b>	Nil – 2 staff plus contractors
<b>Revised/Created</b>	December 2019 – Updated		

## Primary Objective

- Provide efficient, timely and high quality procurement and project management services to all other sections across Council.
- Provide support to the organisation for the procurement of goods, materials and licensed services by contractual arrangements.
- Provide timely and accurate procurement advice to the organisation.

## Values Statement

### What We Value

Living and loving the Tweed.

We look after people and places, explore all opportunities and are proud of our passionate approach.

We care about each other, choose to be here, and are in this together.

We have conversations where everyone can contribute and we are willing to have a go.

We put back in to make a difference, so that our Tweed community is even better tomorrow than it is today.

## Organisational Environment

### ENGINEERING DIVISION

The Engineering Division provides roads, footpath and cycleway, stormwater, flood mitigation, water supply and wastewater services to the Tweed community and is responsible for the planning, design, construction, operations and maintenance of the associated infrastructure.

## Position Description

### Project Manager - Contracts

### Infrastructure Delivery Unit

The Infrastructure Delivery Unit is one of four within the Division and is responsible for the efficient and effective delivery via day labour construction or external contract of infrastructure and other projects. To achieve this the Unit provides construction expertise and resources plus contract document preparation, supervision, administration and procurement advice to the organisation. The Unit includes Council's PMO which champions best practice project management across the organisation.

The Unit also provides mobile plant, store and depot services to the organisation and manages Council's remaining operational and non-operational quarries.

As the Tweed Shire is a rapidly growing area, the demand for infrastructure is high. Efficient provision of this infrastructure must be balanced against the environmental concerns that accompany an area that is geographically and ecologically unique.

The work environment is busy, responsive to customer demands and requires regular adjustment of priorities and activities.

Council is committed to the principles of ecological sustainability in all operations and responsibilities.

### The Position

---

The position is required to ensure procurement and project management services are provided to Council's other units in an efficient, timely and high quality way with a strong focus on client satisfaction.

The position is responsible for ensuring that procurement is achieved in a cost effective and timely manner in accordance with the NSW Local Government (Tendering) Regulation and Council's Procurement Policy. The position is also required to proactively manage contracts and to co-ordinate delivery of goods and services in accordance with Council's and the client's requirements.

The position is responsible for providing expert technical advice, review and supervision of contracts, engineering designs and construction methods for civil works, mechanical and electrical works, and building works.

It is essential that the incumbent possess a willingness to learn and adapt to various work environments. Where workloads require, the incumbent may be required to work outside the Contracts Section, and in particular within the Construction Section of Infrastructure Delivery.

The position requires attention to detail, flexibility, and contribution to the provision of client services across the work of the Unit, the capacity to respond to a busy work environment and provide other team members with assistance in times of high demand.

Competence in written reporting and verbal communication in plain colloquial English is required as the research and liaison components of the position may involve regular interaction with consultants, Councillors, Contractors, other staff and the public.

## Position Description

### Project Manager - Contracts

The incumbent is expected to participate in the personal performance management and organisational and personal development activities appropriate to the level of responsibility set by the Job Grade. This includes higher duties relieving within the Division from time to time.

**The work of the position includes, but is not limited to, the following:**
