### Primary Objective(s)

Amnesty International Australia's refugee rights work is underpinned by our [Better Plan for Refugees](#). This plan is focused on creating a more orderly humanitarian/migration program that would create increased opportunities for safe and legal entry into Australia. As well as addressing issues of offshore processing and safe rescues at sea. The Better Plan is broken down into several areas of campaign work which includes our current campaign focus of expanding and improving the options for private and community sponsorship. To win, we need a national network of activists, with leaders in each region. The Regional Lead and Deputy Lead campaign roles are pivotal to achieve this.

As a regional campaign lead you will provide inspiration, guidance and help coordinate the work of other activists in your region to further the goals of Amnesty's My New Neighbour campaign.

### Learning & Development Opportunities

- Training on campaign strategy and planning, power mapping, communications, and community organising.
- Experience working in a core leadership role within an international human rights organisation
- Mentoring from Amnesty's global experts in the area of refugee policy
- The opportunity to guide your regional refugee campaign strategy
- A certificate of completion at the end of your role

### Reporting Relationship

This position reports directly to the National Organising team.
